5/ The aims

- To promote equal opportunities for access to mobility and employment of JAMO (youngsters with fewer opportunities)
- To follow youngsters with a special mentorship focused on employability (youngsters with socio-economic, geographic, problems, with low skills)
- To enhance the mobility experience for better employability

6/ Implemented activities

To create a strong regional network of referents with experiences for youth inclusion and employability with knowledges of International mobility

Specific training courses have been given to the Mission Locale on skill acquisition through nonformal education methods and interculturality. Each Mission locale named a referent of mobility responsible to give information and to orientate the youngsters to Eurocircle.
